OUR JOURNEY

Mr. Ravindra Rananavare
(Co-Founder)

Mr. Bhushan Desai
(Co-Founder)

WHO ARE WE?

Established in 2015, IV SOFTTECH is founded by Mr. Ravindra Ranavare and Mr. Bhushan Desai in Mumbai, Maharashtra. IV SOFTTECH is leading and fastest growing company in the sector of security solution providing in CCTV, Attendance & Access control systems with the management system.

IV SOFTTECH provides state-of-the-art security solutions which are specially designed to prevent any unauthorised access and monitor premises and critical entry points with the services in installation, testing and maintenance of the existing systems.

IV SOFTTECH power and safeguards numerous Government, Industrial sites, Commercial complex's, Temple, and Residential premises across India.

VISION

To become the best security solution and Management software system providing company in Access Control System, CCTV Surveillance, Attendance and Canteen Management system, across the globe.

MISSION

Serving mankind by making Industries, Businesses, Residential area's & People feel secure and safe in day-to-day life in every possible way in each place by best-in-class products and service

WHY TO CHOOSE US

With the excellent team of Engineers, expert technicians, and well-trained manpower, IV SOFTTECH provides fastest response and exceptional on-site support in every corner of the country. moreover, to meet the diverse requirements of our esteemed clients. We offer these products in various specifications at the most competitive price.

INSTALLATION & CONFIGURATION OF ATTENDANCE SYSTEM:

Attendance system play essential role in the Employment sector as number of factors such as Employee absent, Salary, Working hours, Tracking leaves and Analysing of employee’s availability patterns for better future management

We’re specialise in Installing attendance system and configuring the same for data collection in all readable formats.

INSTALLATION & CONFIGURATION OF ACCESS CONTROL SYSTEM:

Access control systems are the electronic systems that are designed to control through a network and they should have an access to a network. Access Control System recognizes authenticates and authorizes entry of a person to enter the premise thereby giving complete protection ensuring security with the system.

We’re specialise in Installing Access control system and configuring the same to control over a data base or monitored base system.

**INSTALLATION & CONFIGURATION OF CCTV SYSTEM
(IP & ANALOG):**

Every business should know the importance of its CCTV Camera's surveillance property. Threats to the businesses come from both - the inside and the outside, hence certain safeguards steps should be taken. IV Softech offers the convenient top quality CCTV Camera's.

We’re specialise in Installing CCTV Surveillance system and configuring the same to monitor over a installed screens or Wi-Fi based devices.

- **AMC OF ATTENDANCE SYSTEM.**
